SIMPLE AGREEMENT FOR FUTURE TOKENS

Issued By SECONDWORLD OÜ

For "SWIO"

THIS SIMPLE AGREEMENT FOR FUTURE TOKENS (this "SAFT") certifies that in exchange for the payment by the investor (the "Investor") of an amount (the "Purchase Amount"), SECONDWORLD OÜ, a Estonian limited liability company (the "Company"), shall issue to the Investor in connection with the offering (the "SAFT Offering"), the right to receive tokens to be issued in the future by the Company ("Tokens") in the number set forth on the E-Signature Page under "Number of Tokens", subject to the terms set forth below, the terms and conditions for subsequent rounds (the "Final Terms"), and in the Purchase Agreement between the Investor and the Company attached as Appendix A (the "Purchase Agreement"). Certain defined terms used in this SAFT are defined in Section 2 below.

Delivery Schedule:

All Tokens will be delivered when and if the Milestone (as defined below) is satisfied as follows (x) 10% at the time of listing and (y) the other 90% on a straight-line basis for 12 months.

Vesting Schedule:

1/24th at the end of each blockchain block after the Network (as defined below) launches, with full vesting anticipated to be approximately in 2025.

1. Events

- (a) Investor Deliveries. Concurrently with the execution of this SAFT, the Investor is providing to the Company the Purchase Amount by transfer in accordance with the transfer instructions set forth on Appendix A. The Investor agrees that the Investor's signature on the E-Signature Page constitutes delivery and execution of both this SAFT and the Purchase Agreement.

If the Company satisfies the Milestone, the Company will deliver the Tokens to the Investor's digital wallet. For the avoidance of doubt, the digital wallet must be under the direct or indirect control of the Investor and shall not be under the direct or indirect control of a third-party. The Investor must provide information regarding the Investor's digital wallet address prior to delivery of the Tokens by the Company.

- (b) Token Delivery Date. Upon the satisfaction of the Milestone by the Company, within 30 days of the Evaluation Date (such date of issuance, the "Token Delivery Date"), the Company will issue Tokens to the Investor representing One Hundred Percent (100%) of the Purchase

Amount, as indicated by the number of Tokens set forth on the chart on the first page of this SAFT. Notwithstanding, the Purchase Amount will be net of taxes and expenses (including, namely: expenses as a result of exchange platform services). In all cases, the expenses will be assumed by the Investor.

- (c) Termination. This SAFT will terminate or expire (without relieving the Company or the Investor of any obligations arising from a prior breach of or non-compliance with this SAFT) upon the following:
- (i) the issuance of Tokens to the Investor upon the satisfaction of the Milestone;
 - (ii) the determination by the Company in its sole discretion that the Milestone will not be met, and no payments will be made by the due to a case of force majeure.

Sections 1(d) (Vesting), 1(e) (Tax Withholding), 5 (Investor Representations) and 6 (Miscellaneous) shall survive any termination or expiration of this SAFT.

- (d) Vesting. The Tokens delivered pursuant to this SAFT are subject to the Use Restriction until such Tokens have vested. The vesting commencement date of the Tokens will be the date when the Network launches (the "Vesting Commencement Date"). The vesting schedule for the Tokens will be that 1/24th of the Tokens will vest on the completion of each blockchain block after the Vesting Commencement Date.
- (e) Tax Withholding. The Company will withhold from the payment of any Returned Investment an amount equal to any income taxes owed by the Company on its receipt of the Purchase Amount. Investor will be responsible for the payment of its own taxes with respect to any Returned Investment. In all cases, the Purchase Amount will be received by the Company net of taxes and expenses. This is regardless of the amount indicated in the chart included in the SAFT and Purchase Agreement, due to the possibility of paying taxes, expenses and commissions arising, *inter alia*, from the commissions of the exchange platforms.

2. Definitions

"Dissolution Event" means (i) a voluntary termination of operations by the Company in its sole discretion; (ii) a general assignment for the benefit of the Company's creditors; or (iii) any other liquidation, dissolution or winding up of the Company, whether voluntary or involuntary. For the avoidance of doubt, a change of control or an initial public offering of the Company will not constitute a Dissolution Event.

"Evaluation Date" means the date, no later than 2024 and no earlier than 2024, on which the Company, in its sole discretion, will determine whether SWIO has met the Milestone.

"Milestone" means the Network is operational with Token functionality as determined by the Company in its sole discretion. The Company assumes the Token Generation Event ("TGE") for 2024 and the development of the SWIO will take place during 2024.

“Subsequent Agreement” means a SAFT the Company may issue after the issuance of this SAFT but prior to the Milestone with the principal purpose of raising capital. For clarity, this definition excludes without limitation: (i) equity interests in the Company; (ii) SAFTs or Tokens issued pursuant to any employee incentive or similar plan of the Company or sold or issued to employees of the Company as a form of bonus or compensation; provided that, an instrument substantially similar to or the same as this SAFT may be used in connection with such plan; (iii) SAFTs, Tokens or “vouchers” for SAFTs or Tokens issued or issuable to third party service providers or others in connection with the Milestone or the provision of goods or services to the Company; (iv) SAFTs or Tokens issued or issuable in connection with sponsored research, collaboration, technology license, development, marketing or other similar agreements or strategic partnerships; (v) SAFTs or Tokens issued or issuable in connection with mining activities on the Network or giveaways by the Company to encourage use and development of the Network; and (vi) any convertible securities issued by the Company.

Part I: Introduction and Instructions

Introduction

This Purchase Agreement provides important information and documentation needed to purchase a SAFT issued by the Company. The SAFT creates the right to receive Tokens upon the completion of certain milestones with respect to developing the functionality of the Tokens and building the network (“Network”) sponsored by SecondWorld OÜ (“Company”).

The Tokens are a blockchain game token that is currently in development. It is anticipated that the Tokens will be used to register domain names and applications on the Network, which is currently being developed by the Company.

The Network is a 3D strategy and construction video game. SecondWorld takes place in an isometric view of 3D cities. Each place and monument are unique since they are non-replicable NFT. SWIO is the main currency of the game. Each house, business, monument will have a cost in SWIOS that must be paid if the user wants to include it in the city. Once it is included, it will generate returns in SWIOS for completing some in-game tasks or challenges to be determined.

By signing the E-Signature Page to the SAFT or the Final Terms, you agree to be bound by the terms of this Purchase Agreement and the SAFT Term Sheet, the SAFT Risk Factors, and/or any other offering materials provided to you with respect to the Tokens, including, but not limited to, the whitepaper describing the Tokens and the whitepaper describing the network through the date of your execution of this Purchase Agreement (collectively, the “Offering Materials”).

 - ii. Except as otherwise agreed to in writing with the Company, the Purchaser agrees to indemnify the Sponsoring Parties for all costs, fees and expenses (including reasonable legal fees and disbursements) in connection with any damages resulting from the assertion of the Purchaser’s lack of proper authorization from the Ultimate SAFT Owner to enter into this Purchase Agreement or perform its obligations under it.

2.6. Offering Materials and Other Information.

- (a) *Differences with Offering Materials.* The Purchaser acknowledges that in the event of any differences between the terms provided in this Purchase Agreement and any Offering Materials, the terms and conditions of this Purchase Agreement shall supersede any contrary information set forth in the Offering Materials. The Purchaser has had an opportunity to (i) ask questions of and receive answers from the Company concerning the terms and conditions of this Purchase Agreement, the Offering Materials, and the business of the Company; and (ii) obtain any additional information concerning the SAFTs and their offering, the Company, and any related material to the extent the Company or the Company possesses relevant information or can acquire it without unreasonable effort or expense.
- (b) *No Reliance.* The Purchaser acknowledges that in deciding to purchase a SAFT, the Purchaser has relied solely upon this Purchase Agreement and the Offering Materials and independent investigations made by the Purchaser. The Purchaser is not relying and may not rely on any other marketing materials for purposes of deciding to purchase a SAFT. The Purchaser is also not relying on the Sponsoring Parties with respect to the legal, tax and other economic factors involved in this purchase and understands that it is solely responsible for reviewing the legal, tax and other economic considerations involved with purchasing the SAFTs with its own legal, tax and other advisers.
- (c) *Purchaser’s Review.* The Purchaser understands that it is solely responsible for reviewing the Offering Materials and this Purchase Agreement and, to the extent he, she or it believes necessary, for discussing with counsel the representations, warranties, and agreements that the Purchaser is making in this Purchase Agreement.
- (d) *No Guarantees.* Neither the Company nor anyone on its behalf has made any representations (whether written or oral) to the Purchaser (i) regarding the future value of the

SAFT or the future value or utility of the Tokens or (ii) that the past business performance and experience of the Sponsoring Parties will in any way predict the current or future value of the SAFT or future value or utility of the Tokens.

- (e) *No Claim, Loan or Ownership Interest.* The purchase of Tokens (i) does not provide Purchaser with rights of any form with respect to the Company or its revenues or assets, including, but not limited to, any voting, distribution, redemption, liquidation, proprietary (including all forms of intellectual property), or other financial or legal rights; (ii) is not a loan to Company; and (iii) does not provide Purchaser with any ownership or other interest in Company.
- (f) *Intellectual Property.* Company retains all current and future right, title, and interest in all of Company's intellectual property, including, without limitation, inventions, ideas, concepts, code, discoveries, processes, marks, methods, software, compositions, formulae, techniques, information, and data, whether patentable, copyrightable, or protectable in trademark, and any trademarks, copyright or patents based thereon. Purchaser may not use any of Company's intellectual property for any reason without Company's prior written consent.

2.7. Purchaser's Knowledge. The Purchaser has sufficient knowledge, understanding, and experience, either independently or together with his, her or its purchaser representative(s), in financial and business matters, and of the functionality, usage, storage, transmission mechanisms, and other material characteristics of cryptographic tokens, token wallets and other token storage mechanisms, public and private key management, blockchain technology, and blockchain-based software systems, to understand the terms of this Purchase Agreement and the Offering Materials, and such knowledge, understanding, and experience enables the Purchaser to evaluate the merits and risks of purchasing the Tokens.

2.8. Other Risks.

- (a) *General Economic Risk.* The Purchaser (i) is able to bear the economic cost of holding the SAFT for an indefinite period; (ii) has adequate means of providing for his, her, or its current needs and possible personal contingencies even if the SAFT loses all of its value; and (iii) has no need for liquidity of the SAFT. The Purchaser's purchase of the SAFT is consistent with the objectives and cash flow requirements of the Purchaser and will not adversely affect the Purchaser's overall need for diversification and liquidity.
- (b) *Additional Risk Disclosures.* The Purchaser is solely responsible for reviewing, understanding, and considering the risks above and any additional risks, including without limitation those described in the Offering Materials. The Company's operations, financial condition, and results of operations could be materially and adversely affected by any one or more of those risk factors, as could the underlying value of each Purchaser's SAFT, which may lead to the SAFT losing all value.

2.9. Transfer and Storage of Personal Data.

- (a) *Personal Data.* The Purchaser understands and agrees that in connection with the services provided by the Company, its personal data may be transferred and/or stored in various jurisdictions in which the Sponsoring Parties have a presence, including in or to jurisdictions that may not offer a level of personal data protection equivalent to the Purchaser's country of residence.
